#### **About the NewsBabes**

The **Newsbabes Bash for Breast Cancer** is the annual Washington DC event that raises awareness and funds for breast cancer causes. It began in 2009 when a group of good friends in the TV news industry decided to create an event to benefit for one cause. The pink-themed cocktail party draws an amazing crowd of breast cancer survivors, advocates and political and media power players. #### **About the GW Mammovan**

The Mammovan, the Mobile Mammography Program of the George Washington University Medical Faculty Associates, began in 1996 with a singular, ambitious goal: to make life-saving, early detection of breast cancer possible for all women throughout metropolitan Washington, regardless of their ability to pay.

This self-contained mobile unit travels to corporate and community sites, offering one-stop screening performed in a comfortable, convenient environment. The Mammovan is both handicapped- and wheelchair-accessible. The Mammovan is accredited by the American College of Radiology and is certified by the FDA to perform screening mammograms. The Mobile Mammography Program meets all the requirements of the Mammography Quality Standards Act (MQSA).
